Salt Lake City, Utah 84114-6300

Subject: Change Application No. a40539 (55-4483)

Dear Mr. Jones:

The subject change application has been filed by the Robyn Probst Trust and 3 String Cattle Company LLC. The purpose of change application a40539 is to change the point of diversion, place of use and nature of use of 81.376 ac-ft of water from a surface ditch to a three proposed wells, an existing well and a spring, as evidenced by Water Rights No. 55-4483, 55-4484, 55-4485, 55-12678, 55-12679, 55-12669, and 55-6760.

In your review process, we request that you address the following:

1. That by changing the diversion from surface water and adding two proposed underground wells; the water right will not be enlarged by adding a more reliable source.
2. That the wells and springs in the area will not be adversely affected by the proposed wells.

Water rights held in our name that supply culinary water to the Town of Wallsburg may be adversely impacted if this application is approved. These water rights include Water Right No. 55-9663, Water Right No. 55-1389 and Water Right No. 55-9551. The proposed wells are located approximately 2.5 miles from our Town Well.

We appreciate the opportunity to voice our concerns regarding this matter. We hope that the information that we have outlined in this letter will help in making your decision.

Sincerely,
WALLSBURG TOWN

Jay Hortin
Mayor
